Project name : SIGNS WITH SMART CONNECTIVITY
FOR BETTER ROAD SAFETY

The screenshot shows the OpenWeather website interface. At the top, there's a navigation bar with the OpenWeather logo, a search bar, and various links like Guide, API, Dashboard, Marketplace, Pricing, Maps, Our Initiatives, Partners, Blog, For Business, karthick, and Support. Below the navigation bar, there's a secondary menu with links like New Products, Services, API keys, Billing plans, Payments, Block logs, My orders, My profile, and Ask a question. The main content area features a large image of a sunset over a body of water. To the right of the image, the heading 'Historical weather for any location' is displayed in red. Below the heading, a paragraph states: 'Our new technology, Time Machine, has allowed us to enhance the data in the Historical Weather Collection.' This is followed by a bulleted list: 'Historical weather data available for ANY coordinate' and 'The depth of historical data have been extended to 40 YEARS'. Below the list, a line of text says: 'You can download data from Personal account or contact us to order it.' At the bottom of this section, there are two orange buttons: 'Learn more' and 'Go to purchase'. Below the main content area, there's a footer with a small logo of a mountain and a gear, and the text 'Weather Dashboard' in red.
